What's new in Vortex 1.6? Vortex 1.6 was released into the wild a few days ago, shipping with the latest batch of new features, UI improvements and a boatload of bug fixes. Here's a rundown of what's new in the latest version. Dashboard improvements In the previous version of Vortex, it was a bit too easy to accidentally mess up your dashboard layout by clicking and dragging in the wrong place or dismissing a dashlet. We've remedied this by adding a dedicated "Customise my dashboard"... Flag mods and us (and you) Recently there's been some silly drama on our site that was sparked by someone uploading a mod for Spider-Man Remastered. The mod replaced the very few Pride flags the game actually has with the already prevalent USA flag texture from the game. The mod was removed from Nexus Mods and the author was banned. To address the banning, which is what a lot of people want to focus on, the mod was uploaded by a sock puppet account (i.e. a newly made account by someone who already has an accou... Win a GOG key for The Witcher 3 Game of the Year Edition We're giving away 10 x GOG keys for The Witcher 3. For your chance to win one of them, simply leave a comment talking about the last mod you enjoyed (for any game). The event closes on 27 July at 15:00 (GMT+1) and we'll be picking the winners shortly thereafter. I'm sure you'd agree that modding your game can be great fun! It's important to remember that without creators pouring their hearts and souls into their mods, and sharing them with all of us, it would... Project Spotlight: Fallout London Fallout: London is a highly ambitious project aimed at creating the city of London (post-apocalypse of course) in Fallout 4. They have been showcasing their development since their announcement and have recently released a gameplay trailer. We have the privilege and pleasure to be talking to the project lead of Fallout: London today about their development and what to expect from this game sized mod. mc(Cb5tQqr6s Prilladog, thanks for chatting with us during this busy t... Morrowind's 20th Anniversary - Modathon, Prizes, Memories! Morrowind is turning 20 today! To celebrate this anniversary, our good friend darkelfguy is running a special edition of his yearly Morrowind May Modathon and we're also giving away fabulous prizes in our Morrowind quiz! Did you know that our site started out as a fansite for The Elder Scrolls III: Morrowind? That's right, and that was back in 2001 when the site launched under the name "Morrowind Chronicles" in anticipation of and leading up to the game's release exactly 20 years ag... Skyrim SE and Fallout 4 Creation Kit now available on Steam As some of you may already be aware, the Bethesda.net launcher is being shut down next month and players are being offered the chance to migrate their games and other content to Steam. The Creation Kit - the official SDK for creating Skyrim and Fallout 4 mods - could only be acquired exclusively through this launcher which would of course be a problem for new modders once the service is taken offline. Luckily, Bethesda has already made both the Fallout 4 and Skyrim Sp... Reminder: Donation Options and Guidelines Without mod authors sharing their creations our modding community wouldn't exist. As you know, many mod authors put countless hours into their mods, maintaining documentation for users, and supporting their mods. It's because of this fact that, over the years, we've added a number of ways for users to say "thank you" by donating to their favourite mod author - be it through our mod rewards system, the donation options we provide (donation button on the mod page), or by allowing mod aut... Preparing for Starfield Starfield, the first game in a brand new series from Bethesda Game Studios, is coming to PC and Xbox in November and while that may seem to be a long way off yet, we're already excitedly preparing for the release. Update 12 May 2022. Bethesda has announced on Twitter that Starfield has been delayed until the first half of 2023. If you haven't heard about it yet, Starfield is going to be the debut entry in an entirely new franchise and marks the first single-player RPG... We're Hiring: Office Manager Applications are now closed for this position. Donation Drive for Ukraine - Update Two weeks ago, we launched a donation drive to raise funds and support the Red Cross in its mission to bring medical aid to the people of Ukraine suffering the consequences of an unprovoked attack on their country. We're very happy to say that the community came out strong in support of Ukraine raising over £6,500 (~\$8,474) in direct donations, with some individual donations as high as \$100 or even \$1,000 - which is just incredible! Thank you so much for your donations. Elegos Closed Alpha - Testers Required "So, do you want to overthrow the royalty or work to stand with us?" Banner(Land)lord - OneDrop In the feature, we are looking at a very special project for the game Mount & Blade II: Bannerlord. The mod in question is called "Life in Calradia" by the author OneDrop. If you haven't played Bannerlord, it is a medieval-style action strategy game involving the huge world map of Calradia, several factions inspired by human history, hundreds of Nobles, and an assortment of beautifully created towns, castles, and villages. However, those of you who have played will know that one... Donation Drive to help Victims of War in Ukraine I'm sure you're all aware of the horrible assault on Ukraine that started on 24 February. Along with the leadership and people of the vast majority of countries in the world, we strongly condemn this unprovoked attack on another sovereign nation at the orders of Russian president Vladimir Putin. At this moment the people of Ukraine are suffering the consequences of Putin's war of aggression which is bringing nothing but death, destruction, and displacement to countless families... Who won in our Quiz? It's time to reveal the answers and announce the winners of our quiz which we launched two weeks ago. Thousands of you participated, and I'm sure you can't wait to see how well you did in the quiz. We wanted to try something a little different this time, so here's a video revealing the answers and winners. Enjoy! ZJEHBCXIN18 Thank you for playing! Mods, Stats, Rewards - The last year at Nexus Mods Happy (belated) new year everyone! For most people around the world, 2021 was still very much a year affected by the pandemic, so it probably won't make its way into any "Top 10 Best Years Ever" lists anytime soon. Looking at our site usage data and overall statistics, however, 2021 was indeed a very good year in terms of site growth. We're happy to say we're now serving more users and hosting more mods for many more games! A significant project we completed in 2021 was the total ove... Collections Open Alpha - Testers Required Today, our upcoming Collections feature is moving into the Open Alpha testing phase. This means we're extending an open invitation to anyone in the community who would like to try out an early build of the system so that we can continue to fine-tune it for the full, public release. This new wave of volunteers will join our existing testers who have already provided lots of incredibly valuable feedback over the past few months to help us in shaping the core experience of the Collectio... Republic of Gamers Event Winners All the way back in August we launched the biggest giveaway in Nexus Mods history, in partnership with Republic of Gamers. It's taken a fair bit longer than I had initially hoped, but we are finally ready to announce the lucky winners of the RTX 3070TI, accessory bundles and - perhaps most importantly - the Nexus Mods mugs! As a quick refresher, between 10 August and 10 October 2021, we opened three categories to enter into the prize draw. Main Category - Uploa...
